WORK EXPERIENCE

Programmer/Admin Assistant Jun. 2022—Current
CIBC Wood Gundy Windsor, ON

- Worked on redoing the reporting software to be fully automated using API calls instead of data entry. Automations also included MS Word, MS Excel, and Email generation. These automations allow for about 500 hours a year of time savings.
- pdfminer, openpyxl, docx, and other python libraries were used to streamline daily, weekly, & monthly tasks
- Helped clients with information on their accounts.

Research and Development Intern Jan. 2021—Mar. 2022
APAG CoSyst Electronic Control Systems Windsor, ON

- Wrote embedded C code for multiple projects that was up to the AUTOSAR standards.
- Developed an End of Line test for a product using CAPL.
- Created multiple business intelligence tools using Python, Java, PowerApps, and PowerBI.
- Monthly scrum goal meetings, and daily standup meetings occurred to keep team communication open.

Temporary Part Time Worker Oct. 2019—Mar. 2022
Windsor Assembly, Chrysler Plant 6 Windsor, ON

- Adapt to a new station every shift, ensuring proper assembly and use of equipment.
- Work quickly and efficiently in assembly orientated setting.
- Communicated with all levels of management and union.
