WORK EXPERIENCE

Programmer/Admin Assistant Jun. 2022—Present
CIBC Wood Gundy Windsor, ON

- Worked on updating a reporting software to be more automated. Added an error checking layer which allowed for an approximate 20% improvement in report generation time.
- Updated existing tools to improve speed. One of these tools was a list comparison tool which I was able to bring the main algorithm down from $O(n^2)$ to an estimated $O(n)$ runtime.
- pdfminer, openpyxl, docx, and other python libraries were used to streamline daily, weekly, & monthly tasks
- Communicated with clients to help them with their accounts.

Research and Development Intern Jan. 2021—Mar. 2022
APAG CoSyst Electronic Control Systems Windsor, ON

- Wrote embedded C code for multiple projects that was up to the AUTOSAR standards.
- Developed an End of Line test for a product using CAPL.
- Created multiple business intelligence tools using Python, Java, PowerApps, and PowerBI.
- Monthly scrum goal meetings, and daily standup meetings occurred to keep team communication open.

Temporary Part Time Worker Oct. 2019—Mar. 2022
Windsor Assembly, Chrysler Plant 6 Windsor, ON

- Adapt to a new station every shift, ensuring proper assembly and use of equipment.
- Work quickly and efficiently in assembly orientated setting.
